Dear Friends,

It gives me pleasure to send greetings to everyone attending and competing in the 6th International Youth Culture Arts Festival. I am proud to support the Festival and welcome the contestants coming from China.

The International Youth Culture Arts Festival is an event that showcases the talents of American and Chinese youth. I admire the work of these young artists and their families' support. Events like these are essential in cultivating the talent of our youth and helping to pave the way for future generations. It is my hope that all of the contestants' efforts inspire others to dedicate themselves to arts and culture.

You have my best wishes for a wonderful festival and many more years of continued success.

Sincerely,

A handwritten signature in blue ink that reads "Kirsten Gillibrand".
